## Signature Album

**A handcrafted photo book printed on soft silk paper with a refined titanium leatherette cover. Elegant, modern, and timeless, designed to hold your story with quiet sophistication.**

The Signature Album is your classic heirloom book, crafted to celebrate every detail with clarity and warmth. It is printed on silk photo paper, a professional-grade surface with a subtle honeycomb texture that diffuses light beautifully. The silk coating gives the images a gentle sheen rather than a high-gloss reflection,

preserving the depth of colours and skin tones while preventing glare. Unlike glossy paper, it does not attract fingerprints or smudges, making it ideal for albums that will be touched and revisited often.

The titanium leatherette cover adds an elegant finish with a smooth, satin-like texture that complements both colour and black-and-white images. The pages are thick and lay perfectly flat when opened, creating uninterrupted visual flow across each spread.

Each Signature Album is personally designed by Olalab with careful attention to storytelling rhythm and tone. Every copy is wrapped in silk paper and ribbon before delivery, ready to be cherished as a tangible expression of a moment in time.

## Key features
