Printed Memories Set

A set of silk-finish photo prints presented in a leatherette envelope. Simple, tactile, and timeless.

The printed memories set is a modern way to share photographs in print. Each image is produced on silk photo paper, a professional surface with a delicate honeycomb texture that resists fingerprints and glare. The result is a smooth, soft sheen that makes every image feel elegant and touchable.

The prints are enclosed in a leatherette envelope, creating a presentation that feels personal yet refined.

Whether displayed, gifted, or kept safely inside, this set offers a tactile connection to your story beyond the digital screen.

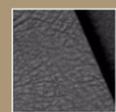

It is the perfect entry-level keepsake or companion to your photo session, combining quality, simplicity, and care in every detail.
